

Columbia

The new Columbia console is a perfect base for flat panel or micro-display televisions from 42" - 62" diagonal screen size. This console complements the television chassis and gives the warmth of wood to the home. It's just the right height so the television's "sweet spot" is where you want it. All-media storage pullouts can house up to 120 CDs or over 80 DVDs. Put left, right, and center channel speakers or a new speaker bar in the 37" wide center speaker compartment. Constructed of Birch solids and Cherry veneers, the Columbia console features our warm Java-Walnut finish.

| <u>SKU</u> | <u>DESCRIPTION</u> | <u>W X D X H</u> |
|------------|--|------------------|
| CSL-39J61 | 61" Console (speaker area = 37" x 19.5" x 8") (2 component areas = 17.5" x 19.5" x 8.75" each) | 63" x 24" x 26" |
