

Manhattan

Manhattan is an elegant and highly functional platform for your flat panel television from 42" to up to 50" diagonal screen size. The one half inch thick glass shelving in the halogen lighted display areas enhance pictures, objects of art or collectibles. Amazing features like full extension component pullout shelves for easy access to cable, surge protected power strips, pullout media storage and a power ventilated component compartment provide features you would only have by paying high custom-made furniture prices.
