

Pengrove

You can keep that cool, contemporary look in furniture for your flat panel or table top rear projection television and still have the natural beauty of wood in your room. The Pengrove console--available in 46" and 58" widths--is made in ash solids and veneers in an ebony finish...a rich black with dark brown undertones. The 46" console and back panel fits televisions with 32" to 42" screen sizes, and the larger 58" console and back panel can accommodate televisions from 46" to 57" diagonal screen size.
