11. All-media storage pullout libraries provide easy access to CDs, DVDs, and video cassettes
12. Audio compartments are ventilated for heat dissipation to prolong furniture and component life

Encore!'s Walnut Creek wall systems have many functional features such as speaker cloth panels, full extension pullout media libraries, rheostatically controlled lighting, removable back panels for easy access to components, and a rear projection kit -- including a rear projection back panel--that will accommodate up to a 65" television. Add the design details in Encore!'s Walnut Creek wall--details like arched beveled glass doors, a TV stand with angled media storage pullout libraries and generous crown molding detail--and you have a rich wall with a custom made look.
